5IN1

With the «Rossmax healthstyle APP» you can manage your Blood Pressure, Blood Glucose, SpO2, Weight and Temperature in only one single APP. The products will be easily connected through Bluetooth and the real-time data communication is only one click away. To share the graphs, charts or data with 3rd party provides a new experience.

TELEPHOTO THERMOMETER

HEALTH STATION

The Health Station can be placed in pharmacies and other public places. It helps attract end users to experience Rossmax Bluetooth products (incl. Blood Pressure Monitor, Blood Glucose Meter, Pulse Oximeter, Thermometer and Body Fat Monitor) before they buy a device and become Rossmax healthstyle APP members.

HEALTHSTATION
DELUXE | 27"

HEALTHSTATION
DESKTOP | 15.6"

HEALTH STATION

The Health Station is available in two versions and is standard equipped with a printer and a camera. NFC Reader, Smart Card Reader and a Bar Code Scanner are available optional. With a printed receipt at the end of the measurements the clients get a QR Code to contact the service window and one with the measurements results.

* Tablet not included
Licensed Android System Software included only

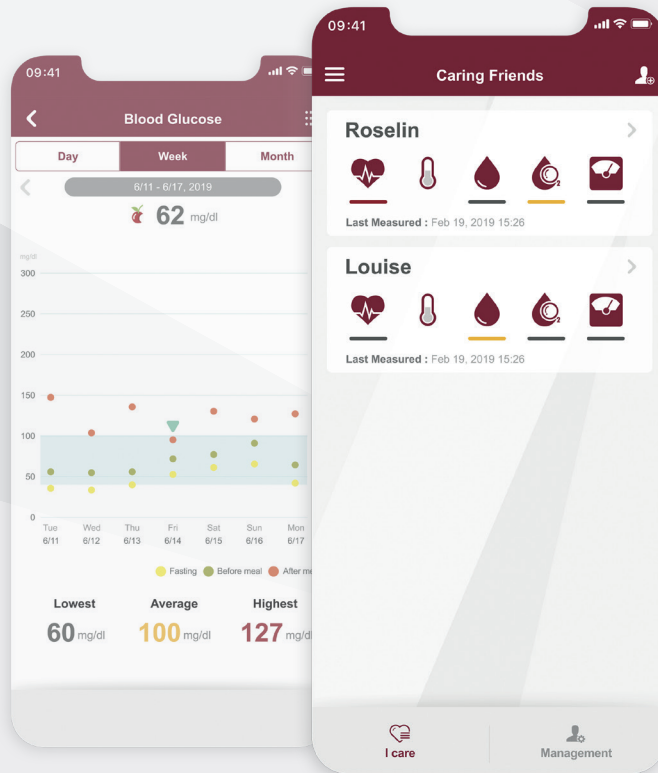

**MEDICAL
KIT**

MEDICAL KIT

The Medical Kit can be used in hospitals and doctors office for early monitoring of patients health data and are a portable complete solution for patient visits and taking measurements in public places. A QR code is shown after measurement on the tablet screen, which can be scanned by the patients to see their measurement results online.

rossmax

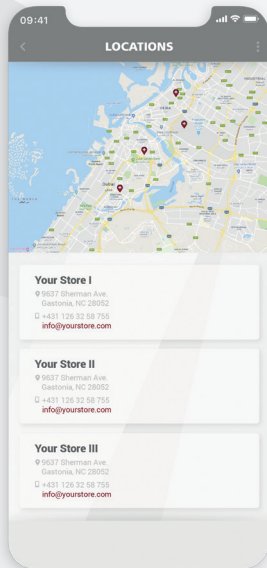

healthstyle **APP**

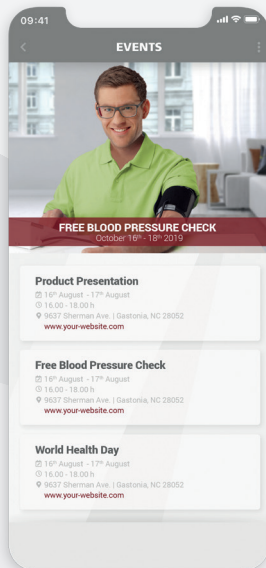

The «Rossmax healthstyle APP» gives you a clear overview about your health conditions anytime and anywhere. By syncing your measurements via Bluetooth, you can easily view your history for five different Rossmax products. The APP allows you to share your measurements with 3rd parties.
